

Helping Patients and Families Respond to a Diagnosis of Memory Loss

Thursday, May 24, 2018

5:00pm – 5:30pm | Registration

5:30pm – 6:30pm | Presentation

Dinner will be provided

All too often, people diagnosed with dementia or another type of cognitive decline are left thinking, “what can I do to take care of myself?” Medical centers provide excellent diagnosis and medical treatment, and neuropsychological reports offer many recommendations, but putting those recommendations into practice and sifting through effective treatments versus gimmicks can be daunting. Dr. All will share her experience and insights for the question “what’s next?”.

About the presenter:

Sherrie All, PhD is a Licensed Clinical Psychologist specializing in neuropsychology, cognitive rehabilitation and brain health. She owns the Chicago Center for Cognitive Wellness, a group neuropsychology practice offering assessment and treatment services for people affected by cognitive issues with locations in Edgewater, Evanston and the Loop.

This program will award 1.0 CEU credit to nurses, professional counselors and social workers provided by Elderwerks. License number is required.

A \$5.00 fee payable to Elderwerks Educational Services, a 501C3 not-for-profit corporation, PO Box 92, Cary, IL 60013, is requested from all registrants prior to the event. Payments are non-refundable. To pay by credit/debit, an invoice will be emailed through SmartPay after registration.

Register by Tuesday, May 22, 2018
