HOPING FOR THE BEST, PLANNING FOR THE WORST AS WE AGE

SPEAKER: TERI DREHER, RN, BCPA, IRNPA

Chief Advocate & President, North Shore Patient Advocates

Teri is an RN with 36 years of experience and a pioneer in the emerging field of professional patient advocacy. She has a lifelong passion to keep the patient at the center of the nursing care model.

Making important decisions during a time of crisis and while under emotional distress can be difficult. Join us for an informative session that can help you advocate for your patients and clients when the worst happens. We will discuss the importance of having a plan in place, documentation that will help protect patient wishes and rights, proven techniques for better communication with healthcare providers, and technology that will help assure reliable access to medical information when transitioning between different hospital systems.

Seating is limited. RSVP by October 2nd to Susan Kocanda at 847-537-5000 or skocanda@belmontvillage.com.

Participating social workers and RNs will be eligible to receive 1 CEU at the completion of this program. CEU certificates provided by Elderwerks.
