

HOW TO PREVENT SEXUAL HARASSMENT IN THE WORKPLACE

PRESENTED BY JOYCE MARTER, LCPC, FOUNDER OF URBAN BALANCE

The #MeToo movement has exposed the longstanding and shocking prevalence of sexual harassment in the workplace. Sexual harassment is not only extremely damaging to the victims -- triggering anxiety, depression and self-esteem issues -- it also is detrimental to companies in terms of loss of talent, poor morale, low productivity and serious liability issues that can be very costly. This program will define what constitutes sexual harassment and recommend specific actions to create a safe, respectful and egalitarian environment for all staff and clients.
